Re: Use of TEA Training Materials: Bridging II TAKS

Bridging II TAKS: Using Tools to Explore Matter

As director of Science for the Texas Education Agency, I hereby give permission for the Texas Regional Collaboratives for Excellence in Science Teaching to reproduce all written materials from the Bridging II TAKS: Using Tools to Explore Matter.

The materials: Bridging II TAKS Using Tools to Explore Matter are the sole property of the Texas Education Agency. The Texas Regional Collaboratives for Excellence in Science Teaching, as the Texas Education Agency agent to disseminate training materials written for this purpose, and to use those materials for professional development activities has the permission of the Texas Education Agency to reproduce and use these materials within the state of Texas.
